Sep24/11 Reports from Councillors

Cllr Fallis had inspected 43 Gulleys on Upcott Hill and reported that there were no apparent signs of recent clearing despite the fact they are reputedly inspected annually, it was noted that the recorded inspection dates on the DCC website didn't follow a logical sequence as adjacent gulleys were cleared on different dates. Members discussed what could constitute an inspection and whether it was a desk top exercise rather than a physical site inspection. It was **RESOLVED** that the Clerk write to DCC asking for clarification on when the Upcott Hill gulleys were inspected and what the outcome of the inspection was, pointing out the road surface deterioration that occurred when the gulleys were blocked.
